1304

Hospitalized
23

Deaths
162

All numbers reflect status at time of release. Demographic information reflects confirmed cases only. Deaths are included in the number of confirmed cases. All numbers displayed are provisional and are subject to change.

The Joint Crisis Communication Team is incredibly saddened to announce the passing of one Macon County resident with COVID-19. This resident was a male in his 60s. We ask that you please respect the privacy of the family and friends as they mourn their incredible loss.

Today, the Joint CCT is reporting 52 newly-confirmed cases of COVID-19. Therefore, since the start of the pandemic, the total number of confirmed COVID-19 cases in Macon County residents is 8,293. Please acknowledge that every person affected by this pandemic is a human being with family, friends, and a future that is changed by COVID-19. It is up to every single member of this community to do EVERYTHING that they can do prevent the spread of this virus and the consequences associated.

Community members can refer to the Illinois Department of Public Health's website to view the total number of COVID-19 tests performed. You can find this information at the following link - <https://www.dph.illinois.gov/covid19/covid19-statistics> - by selecting Macon County in the dropdown box.

We encourage all community members to implement social distancing and face covering best practices to limit the spread of COVID-19. People with COVID-19 have reported a wide range of symptoms. If you experience symptoms of COVID-19 with which you are concerned, please call your primary care physician first. Do not show up at a hospital emergency room or doctor's office unless it is a true emergency.
