FOR IMMEDIATE RELEASE

April 7, 2020

First Death of Individual in Macon County with COVID-19

The Joint Crisis Communication Team is saddened to announce the death of a Macon County resident with COVID-19. We would like to extend our heartfelt condolences to the family and friends as they mourn the loss of their loved one. The resident was a male in his 80s who lived at Fair Havens Senior Living long-term care facility before he was hospitalized.

It is imperative that we all consider ourselves at risk for exposure to and contraction of COVID-19. This means that we must take social distancing seriously, stay home as often as possible, and self-monitor for symptoms. Everyone has a role to play in staying healthy and keeping others healthy.
