The Joint Crisis Communication Team is saddened to share the news of the passing of four Macon County residents with COVID-19. These residents were:

- One female in her 50s
- Two males and one female in their 80s

Our team extends our sincere condolences to the families and friends of these people, and we ask that they are given the respect and privacy they deserve as they mourn their incredible losses.

Today, the Joint CCT is reporting 94 newly-confirmed cases of COVID-19. Therefore, since the start of the pandemic, the total number of confirmed COVID-19 cases in Macon County residents is 5,795. Please acknowledge that every person affected by this pandemic is a human being with family, friends, and a future that is changed by COVID-19. It is up to every single member of this community to do EVERYTHING that they can do prevent the spread of this virus and the consequences associated.

Community members can refer to the Illinois Department of Public Health's website to view the total number of COVID-19 tests performed. You can find this information at the following link - <https://www.dph.illinois.gov/covid19/covid19-statistics> - by selecting Macon County in the dropdown box.

We encourage all community members to implement social distancing and face covering best practices to limit the spread of COVID-19. People with COVID-19 have reported a wide range of symptoms. If you experience symptoms of COVID-19 with which you are concerned, please call your primary care physician first. Do not show up at a hospital emergency room or doctor's office unless it is a true emergency.
