FOR IMMEDIATE RELEASE

February 24, 2021

Moderna 2nd Dose Clinic

DECATUR, IL – The Macon County Health Department (MCHD) has received delayed shipments of 2nd dose vaccine. Therefore, an additional 2nd dose clinic will be held this week in order to accommodate all who were due for their 2nd doses last week and this week. There are plenty of available appointments for all residents due for a second dose from the MCHD at this time. Please read and share the details for these clinics in their entirety.

This clinic is intended ONLY for persons who live or work in Macon County AND who received their 1st Moderna COVID-19 vaccine from the MCHD on or before January 29th. If you have not already spoken with a MCHD representative regarding getting your 2nd dose vaccination, please click here to register online: [Macon County - RCC - 2nd Dose Clinic \(juvare.com\)](http://Macon County - RCC - 2nd Dose Clinic (juvare.com)) or call (217) 718-6205. This link will also be available on our Facebook page [Macon County Health Department (Decatur, IL)] and website (maconcountyhealth.org).

Additionally, the MCHD has some available 2nd dose appointments on Thursday, February 25th. We invite those who are scheduled to receive their 2nd dose on Friday, February 26th to call (217) 718-6205 if they wish to inquire about scheduling and receiving their 2nd dose tomorrow, February 25th.

Those who plan to attend should:

- Not register for any clinic or attend an appointment if they are experiencing symptoms of COVID-19, are awaiting COVID-19 test results, or are in isolation and/or quarantine;
- Be prepared to wait 15-30 minutes for monitoring after receipt of vaccine;
- Bring a work ID badge or current paystub to verify frontline essential worker status or a form of ID to verify age to prove eligibility (Those who cannot provide proof of residency or employment in Macon County will be turned away.);
- Bring a copy of your insurance card. If you have Medicare, be sure to bring your red, white, and blue Medicare card, even if you're enrolled in a Medicare Advantage Plan. If you are unable to make a copy, please bring the original;
- Bring your COVID-19 Vaccination Record Card (received during first dose);

- Wear a short sleeve shirt and face covering;
- Complete vaccine forms, print, and bring them to the clinic to save time. The vaccine forms can be found by visiting maconcountyhealth.org. If you are unable to complete and print the forms, they will also be available onsite;
- Be prepared to complete the MCHD screening process upon arrival. This process includes answering questions as well as a temperature check.
